Figure 3

KEY

-  Site Boundary
-  Location of reference markers
-  Radius lines from site centre in km
-  Filtered Views
-  Unfiltered Views

Notes:

Zone of Theoretical Visibility (ZTV)

The reference marker could possibly be seen from within the area shaded red. The reference marker is at the highest point of the proposed building 5m above proposed ground level.

A ZTV map illustrates the potential (or theoretical) visibility of an object in the landscape. The phrase "potential visibility" is used to describe the result because the analysis takes into account any landscape features such as trees, woodland or buildings, etc. The analysis is made on the basis of topography alone using O.S Terrain 5 data.
